## **NISSAN SHATAI CO., LTD.**

### **End of NV200 Vanette Production and the Future Planning of Shonan Plant**

On July 15, Nissan Motor Co., Ltd. decided to stop outsourcing the production of the NV200 Vanette manufactured at the Nissan Shatai Shonan Plant by the end of fiscal year 2026, considering the market environment and demand trends in Japan.

The Shonan Plant will explore the possibility of vehicle production while also considering taking on support businesses such as the production of specially equipped vehicles and service parts. Giving first priority to the employment of its employees, the Shonan Plant will continue to examine all possible options.
